

**2009 Building Season**

**EB•TY® Hidden Fastening Systems™**

## **New Products & Announcements**

**EB•TY®** Hidden Fastening Systems™ is proud to introduce **Simpson Strong-Tie®** to our distribution network. Existing Simpson Strong-Tie/Swan Secure Products customers can call their local representatives or **Simpson Strong-Tie's** toll free number **(800-999-5099)** or visit [www.strongtie.com](http://www.strongtie.com).

Due to input and product demand from architects, builders, and other customers, **EB•TY** now has **eight (8)** Hidden Fastening Systems for decks, boardwalks and docks. The original **EB•TY** was developed in 1997 and became a building industry standard.

Please review the brochure, yellow installation sheet and other print materials. This information will present to you the **eight (8)** **EB•TY** Hidden Fastening Systems along with descriptions and instructions about their use and installation. Check and confirm your spacing requirements ( **3/32" Original Series, 1/8" & 3/16" Top Screw Series, 1/4" & 1/4" Live Cylinder™ Series** ) for either your wood or composite materials then select the proper **EB•TY®** for your building project.

**Thank you for your  
consideration.**

For answers to technical questions, please call **EB•TY** at:

1-800-438-3289, Monday-Friday  
9:00 AM – 5:00 PM EST

or

Sincerely,  
**EB•TY®** Hidden Fastening Systems™

## Original Series 3/32" Spacing

### EBE004Orig-3/32"

Original EB•TY® Hidden Deck Fasteners™  
(Part Code: EBE004)

Height: 1/2"  
Width: 1"  
Length: 2-3/8"  
Thickness: .140"  
Keel thickness: 3/32"

Automatically provides **3/32"** spacing between deck boards.

For use with **3/4"** and **5/4"** deck boards including:

- Ipé (ee-pay)
- Redwood
- Cedar
- CorrectDeck® Classic
- composites

Custom-made, special order colors are available \*\*Please inquire on lead time and minimum quantities\*\*

### EBE007Mini-3/32"

Original EB•TY® Hidden Deck Fasteners™  
(Part Code: EBE007JR)

Height: 13/32"  
Width: 1"  
Length: 2-3/8"  
Thickness: .140"  
Keel Thickness: 3/32"

Automatically provides **3/32"** spacing between deck boards.

The EB•TY Mini Jr. fastener has a lower profile height than EB•TY Original Hidden-Deck Fasteners and is for use with **1 1/16"** and **3/4"** thick decking material.

Custom-made, special order colors are available

\*\*Please inquire on lead time and minimum quantities\*\*

## Original Series 1/4" Spacing

### EBE002BIG-1/4"

Original Big EB•TY®  
Hidden Deck Fasteners™  
(Part Code: EBE002)

Height: 5/8"  
Width: 1-9/32"  
Length: 2-9/32"  
Thickness: 140"  
Keel thickness: 1/4"

Automatically provides **1/4"** spacing between deck boards.

This larger version of the original fastener works well with thicker boards, such as **2"x4"** and **2"x6"** decking material making it ideal for heavy-duty applications including:

- docks
- boardwalks

Custom-made, special order colors are available \*\*Please inquire on lead time and minimum quantities\*\*

# Live Cylinder Series 1/4" Spacing

## EBE005LC-1/4"

EB•TY® L.C. "Live Cylinder™" 1/4"  
Hidden Deck Fasteners™  
(Part Code: EBE005LC)

Height: 1/2"  
Width: 1"  
Length: 2-3/8"  
Thickness: .140"  
Keel thickness: 1/4"

Automatically provides **1/4"** spacing  
between deck boards.

Designed for use with:

- kiln-dried decking
- composites
- natural woods
- materials that expand as moisture level increases with temperature increases

The L.C. fastener can **absorb as much as 5/32" expansion** of the deck material. Custom-made, special order colors are available **\*\*Please inquire on lead time and minimum quantities\*\***

## EBE006JR-1/4"

EB•TY® L.C. Jr. "Live Cylinder™" 1/4"  
Hidden Deck Fasteners™  
(Part Code: EBE006LC)

Height: 13/32"  
Width: 1"  
Length: 2-3/8"  
Thickness: .140"  
Keel thickness: 1 EB•TY® Mini Jr. 1/4"

Automatically provides **1/4"** spacing  
between deck boards.

The L.C. Jr. fastener has a lower profile height than the EB•TY L.C. and is for use with **11/16"** and **3/4"** thick decking material. The L.C. Jr. provides the same expansion-absorbing capability as does the EB•TY L.C. fastener: **It can absorb as much as 5/32" expansion of the deck material.**

Custom-made, special order colors are available

**\*\*Please inquire on lead time and minimum quantities\*\***

- ✓ No visible fasteners
- ✓ Beautiful appearance
- ✓ Decks are safe: no pop-ups
- ✓ 100 year life: made of UV-resistant polypropylene
- ✓ Automatic spacing
- ✓ Work done from top side
- ✓ Maintenance-free

# Top Screw Series 1/8" & 3/16" Spacing

## EBE0A-1/8"

EB•TY licensed Hidden Deck Fasteners™  
(Part Code: EBE0A)

Height: 7/16"  
Width: 1"  
Length: 2-3/8"  
Thickness: .140"  
Keel Thickness: 1/8"

For use with pre-grooved **Kodiak Building Products™ Composite Board Series Decking.**

## TP015-3/16"

EB•TY® "TP" Hidden Deck Fasteners™  
(Part Code: TP015)

Height: 13/32"  
Width: 7/8"  
Length: 2-3/8"  
Thickness: .140"  
Keel Thickness: 3/16"  
3/16" gapping

"TS" series-"TP" can be used with all composites requiring 3/16" gapping.

## TT016-3/16"

EB•TY® "TT" Hidden Deck Fasteners™  
(Part Code: TT016)

Height: 17/32"  
Width: 7/8"  
Length: 2-3/8"  
Thickness: .140"  
Keel Thickness: 3/16"

"TS" series-"TT" is used with **TimberTech® grooved plank decking.**

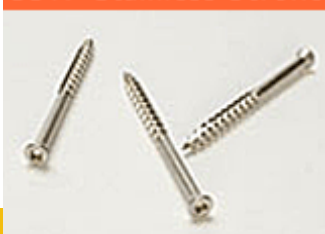

## Screws & Accessories

Swan Secure Stainless Screws  
(Part Code: SST7)

#7 2-1/4"

Swan Secure #7 2-1/4" stainless trim-head screws are ideal for fastening EB•TY Hidden Deck Fasteners

### SST7-Stainless Screws

EB•TY® 3/8" Ipé Tapered Wood Plugs  
(Part Code: IPLUG01)

These wood plugs fill routed screw holes in the first and last boards of a deck. They preserve the seamless, no-holes beauty of the deck, and they are made from Ipé (ee-pay), a durable tropical hardwood. They won't rot.

Packaged in lots of 100.
